Sub-Master Docket No. 17-9001L

Judge Charles F. Lettow

**CO-LEAD COUNSEL'S REQUEST FOR APRIL 25, 2022, TRIAL SETTING**

The undersigned attorney, serving as court-appointed plaintiffs' co-lead counsel and as the attorney-in-charge for approximately 1,570 individual upstream plaintiffs, respectfully requests that the Court schedule the compensation phase trial for the two-week period beginning April 25, 2022.

As the Court observed during the February 14, 2022, status conference, an April 25<sup>th</sup> trial date is a modest change (a 35-day extension) from the tentative March date and provides the Court and parties with a workable solution to completing this trial in the near-term. Conversely, the May 31<sup>st</sup> trial setting generates needless delays and will likely thwart a workable solution due to witness unavailability. Plaintiffs appreciate the Court's efforts to secure a local courtroom and the undersigned attorney respectfully requests that, if doing so is still possible, the Court schedule the compensation phase trial for the two-week period beginning April 25, 2022.

Respectfully submitted,
